Shoaib Haj Hussen
Front-End Developer (React.js, Next.js)

- Location: Damascus, Syria (Open to relocation in Saudi Arabia/UAE, Kuwait)
- Email: shoaibhajhussen@gmail.com | Phone: +963991420513
- LinkedIn: linkedin.com/in/shoaib-haj-hussen
- Github: github.com/shoaibhajj

Summary

Frontend developer with 2+ years of experience building performant, user-focused web applications. Skilled at crafting pixel-perfect user interfaces using Tailwind CSS and Material UI, and at leveraging TypeScript to maintain scalable codebases. Experienced with React.js and Next.js for modern web solutions, including server-side rendering and static site generation. Strong collaborator and problem-solver, committed to clean architecture, reusable components, and agile development practices.

Education

- English Language Proficiency | IDP **IELTS Academic Certificate (Band 6) – 2024.**
- **M.Sc. in Computer Science**, University of Damascus, Syria — 2024 -present
- **B.Sc. in Computer Science**, University of Damascus, Syria — 2023

Experience

Full Stack Developer — PROSOFT Creative Software Solutions (July 2023 – Marsh 2025)

Front-end & back-end development

- Developed responsive front-end applications using React.js and TypeScript, implementing reusable components and state management with Redux and React Query.
- Enhanced UI/UX with Material UI and Tailwind CSS, optimizing performance and accessibility.
- Engineered RESTful APIs and server-side logic with Node.js and SQL, including database migrations and secure file uploads with Multer.
- Key projects: **BuildTech, IsoColour, IsoBit, BCC** (Node.js/SQL back-end development);
- **Momentable Art** (React CMS with drag-and-drop editing and version control); **MEDPOCKET** (React e-commerce app with Material UI, React Query, product filtering, and pagination).

Courses

Pro Frontend Engineer (React, TypeScript, Redux) | Udemy | 2023 | TypeScript, Redux, Redux toolKit, Tailwind, Next.js, Zod.

- Mastered modern frontend architecture, state management (Redux, RTK Query), and TypeScript best practices.

Web Development Bootcamp | Udemy | 2022 | Node.js, Express, MongoDB, SQL, PostMan, REST APIs, Git.

- Built full-stack apps using **Node.js, React, and MongoDB**, with a focus on REST APIs and version control (Git).

Projects

- **AI Logo Maker** | [**Live Demo**](#) | [**GitHub**](#)
- Next.js · React · Tailwind CSS · Firebase · Hugging Face · Gemini AI · Clerk · Shadcn UI
- Developed an AI-powered logo generator that transforms text prompts into professional logos using Hugging Face and Gemini AI.

Typing Speed Test | [typing-speed-test-shoaib-hajj.vercel.app/](#)
- Created a multilingual typing test supporting **RTL languages (Arabic)** using **React and Tailwind CSS**.
- Engineered real-time input validation and performance analytics, enhancing user engagement.

Talky – Video Chat Application (Personal) | [video-chat-webrtc-socket.netlify.app/](#)
- Built a real-time P2P video chat app using **React, WebRTC, and Socket.io**, with a **Node.js** backend.
- Implemented audio/video stream management, dynamic room creation, and user disconnect handling.
- Deployed full-stack infrastructure; reduced latency by optimizing WebRTC configurations.
- **Brainwave AI (Personal)** | [**Live Demo**](#)
- Designed a modern, interactive UI with fluid animations using Framer Motion for enhanced user engagement.
- Built a responsive, visually striking frontend with dynamic sections showcasing AI capabilities.

Momentable Art CMS (PROSOFT) | 2024 | PROSOFT
- Designed a React-based CMS with drag-and-drop functionality, custom fields, and version control, reducing content update time by 40%.

MEDPOCKET E-Commerce Platform (PROSOFT) | 2023 | PROSOFT
- Led frontend development of a performant e-commerce app using **React, React Query, and Material UI**.
- Integrated pagination, filtering, and sorting features, boosting user retention by 30%.

Certifications

IELTS Academic Certificate – Band 6 | British Council | 2024

Front-End Web Development Certification | PROSOFT Creative Software Solutions | 2024
- Validates expertise in building user-friendly, responsive web applications using React, TypeScript, and modern UI frameworks.

Programming Techniques Certificate | Tamooh, University of Damascus | 2021
- Enhanced analytical problem-solving skills and systematic engineering approaches for software development.

Technical Skills

- **Front end:** React.js, Next.js, TypeScript, JavaScript, HTML, HTML5, CSS3, Tailwind CSS, Material UI, Shadcn UI, Redux toolkit, Zustand, React Query , React Hook Form, Formik, Zod , Three.js.
- **Back end:** Prisma, Node.js, Express, RESTful APIs, SQL (MySQL/PostgreSQL), MongoDB, Multer, JWT
- **DevOps & Tools:** Git, GitHub, CI/CD, Docker, NGINX, Linux (Ubuntu), Jest (Unit Testing)

Front-end development , information technology, user interface design, project management skills, troubleshooting, Management Skills
